Construction & Demolition Waste Manual Prepared for NYC Department of Design & Construction by Gruzen Samton LLP with City Green Inc. May 2003 City of New Yor

Construction & Demolition Waste Manual

Construction is the process of constructing a building or infrastructure. Construction differs from manufacturing in that manufacturing typically involves mass production of similar items without a designated purchaser, while construction typically takes place on location for a known client. Construction as an industry comprises six to nine percent of the gross domestic product of developed ...
