Steps to an Effective Hazard Communication Program for

Communication (from Latin *communis*, meaning "to share") is the act of conveying meanings from one entity or group to another through the use of mutually understood signs and semiotic rules.. The main steps inherent to all communication are: The formation of communicative motivation or reason.; Message composition (further internal or technical elaboration on what exactly to express).

Communication - Wikipedia

This is the exchange of ideas, feelings, opinions, wants, needs and actions verbally or non-verbally. Effective communication is more than sending and receiving messages. Effective communication entails sending accurate information and receiving feedback that the message has been received without distortion.
