### **PacInfo Internet Solutions - Local Cloud Backup**

In information technology, a backup, or the process of backing up, refers to the copying into an archive file of computer data so it may be used to restore the original after a data loss event. The verb form is "back up" (a phrasal verb), whereas the noun and adjective form is "backup".. Backups have two distinct purposes. The primary purpose is to recover data after its loss, be it by data ...
